SPENCER COOPER, Editor.

HAZEL GREEN, KY.
WEDNESDAY, JUNE 10, 1885.

THE HERALD is read by over a thousand people every week. It is the only paper in the county which is not a family newspaper, and it is the only paper which is not a family newspaper.

Democratic Ticket.
For Representative from Montgomery, Menifee, Powell and Wolfe counties,
DRURY S. CODY.

Independent Republican Ticket.
For Representative,
DR. FELIX M. THOMAS.

The country newspaper is the most useful of all the agencies which stamp the progress of progress upon all villages and inland cities. Without the aid of a local newspaper, a man is like a man without a compass. It is the only paper which is not a family newspaper, and it is the only paper which is not a family newspaper.

It is not every word of the above true? Do you not already see that Hazel Green has taken a new lease of life? Can you not see that there is an improvement going on in all the surrounding country?

Do you not realize the fact that the stock sales have been brought about by the efforts of THE HERALD?

Do you not feel that if THE HERALD has been successful in this, that it can be successful in establishing other institutions of equal benefit?

Do you not feel that a man who comes among you and invests \$1,000 to aid in developing your country and your resources should be patronized to the extent of \$1 by you?

Do you not know that without a newspaper permanently established and prosperous in your own country, people of the outside world can never know what you have?

Do you not know that no section or town has ever yet amounted to anything that did not support a newspaper?

Do you not realize that if you are a man, and should assist in aiding anything that will benefit you and your fellow-man?

Do you not feel that you could assist in this enterprise and be the gainer all the time?

Do you not feel that you owe it to your wife, your children, your family and your fellow-man to help establish this paper on a firm basis?

Do you not feel that you realize the truth of the above questions, and that you are man enough to acknowledge that, and pay for one year's subscription, knowing that the investment is bound to better your condition in every respect and make you money?

Do you not feel that you will be man enough to-day to pay your subscription and take your home paper?

If you do feel the truth of the above queries hand us your dollar and be happy, if not keep it, and we will feel that you are better off without having your name upon our list—without disgracing the names of good people by placing your name along with their names.

The REP VAN WINKLES of this section should awake to their responsibility, and see that steps are taken, and at once, to develop our great resources. Right in our neighboring county of Powell, a syndicate of oil speculators are preparing to bore some 30 wells, and yet Wolfe county and Powell dare to claim. Why, then, do not wealthy citizens come to us to spend their money? The answer is plain. They go where they are invited; where people take some interest in the development of their resources; where land owners seek to know what their lands possess in addition to visible products. Do any of our citizens seek to do any thing of this kind? Have you tried to induce men of means to come here and investigate our inexhaustible wealth? Not a bit of it. You sit down and wait, flattering yourselves that because we are possessed with more of these measures of coal, iron, timber and silver than many less favored localities, people must come without any effort on your part. They will come and find these things, but not until you are laid under the sod. Think you that because God has been kind to you in helping you to this heritage of a treasure box that you are to lie away your time and not use your talents? Not so. The sleep has passed. People of today are not of the sleepy-headed kind.

They are five men—not inanimate flesh and bone. If you would see this country blossom with the fruits of a rich harvest, you must go to work to bring about this end. Do try to think of something better than the coin "dollar of our daddies" now in sight. Think of having 10 of them if you will wake up, where you now only count one in your sleepy state.

THOS. P. COLLINSWORTH, who has to have started the stage-line from here to Rothwell about the first of the present month, writes that he would like to have some assistance from our citizens towards the enterprise not as a donation, but as a loan to equip the line—and we hope they will loan him their means for this purpose. It is to our interest to have this line established, and if we don't assist ourselves of any opportunity looking to this end, we had better employ some good stone-mason and fence the town in so that outsiders will never see it. Not only the people of the town, but the people of the surrounding country are losing money every day this stage is delayed in coming here. We have a beautiful town as it stands, with building material and land to make the prettiest one in Eastern Kentucky; more and finer timber for the establishment of saw-mills, more and better iron ore for the establishment of iron-manufactures, and more and better coal to run them than any other section on the globe. All these things we have, but if we continue to be "Penny wise and pound foolish," by not having conveyance, easy and prompt, for those who would come here and see, and more and develop what we have, what God has so richly endowed us with, we will never amount to anything. Let us be up and doing. Let us put our shoulder to the wheel and try to build up the country—Eastern Kentucky.

Hazel Green is naturally the metropolis of the mountains, but people can not get here what will Hazel Green amount to? Go to work to-day, and let each man interested in this enterprise take \$5 worth of stock in this stage-line, and take MR. COLLINSWORTH'S note for it.

COL. CHAR. E. BOWMAN, commissioner of agriculture, has sent the following reply to a letter of inquiry from Kansas: "The present wheat crop in Kentucky does not deserve to be dignified by being called a crop. It certainly will not reach 4,000,000 bushels, and may not reach 4,000,000 bushels. What wheat was not killed outright is developing much chaff or chert. This year's wheat crop is hardly worth being counted in a general estimate."

Democratic Convention.
The legislative convention convened at the court-house in West Liberty on the 29th of May, 1885, organized by the election of Judge W. W. Cox, chairman, and W. C. Kendall, secretary.

On a call of the counties the following officers were elected: Aug. A. Hunt, Branch Higgins, D. D. Sublett, of Magoffin; W. M. Kendall, Harris Howard, W. A. Jacy, John E. Cooper, J. W. Kendall, W. C. Kendall, W. A. Maxey, of Morgan.

On the motion of J. W. Kendall, the chair appointed the following gentlemen as a committee on resolutions, viz: J. W. Kendall, J. H. McClure, Aug. A. Hunt, Branch Higgins, J. E. Cooper and J. T. Hazlegrip, who reported the following, which was unanimously adopted, viz: Resolved, That we re-pledge our faith in the purity of the principles and purposes of the democratic party, and recommit them to its organization.

Resolved, That in the dawn of the administration of our chief magistrate, we recognize his fitness for the trust, and approve his official action.

Resolved, That we pledge our united earnest effort to secure the election of our candidate, and the success of our principles.

Resolved, That we heartily endorse the election of the Major E. C. Kennedy, presenting the name of Farish Arnet as a suitable person to be elected in the next general assembly of Kentucky, and that he be declared the nominee of the convention by acclamation.

Resolved, That THE HAZEL GREEN HERALD, linking Valley Southern and Southern Democrat be requested to publish these proceedings.

Thereupon the chair appointed W. M. Kendall, Branch Higgins and J. T. Hazlegrip, a committee to inform Mr. Arnet of his nomination. He was then introduced to the convention by J. T. Hazlegrip, and in a handsome speech accepted the nomination. His speech was heartily applauded.

On motion of J. W. Kendall, the convention adjourned.

W. W. COX, Chairman.
W. C. KENDALL, Secretary.

Words of Cheer from the Wild West.
OMAHA, NEB., May 31.
Editor of THE HAZEL GREEN HERALD: From the land of my boyhood—from the little valleys where the first impressions of ambition swelled my young heart, a few copies of THE HERALD, like bright, new stars, have been sent me, and among them old memories of region and people whom I have not yet ceased to love. Enclosed find \$1, that the price of the welcome little sheet may not be interrupted.

God speed you in your noble enterprise. Next to the railroad stands the newspaper in developing the material interests of a country. And in the midst of a region of untold wealth, hidden it is true, but it is there. Your immense forests, your mineral springs, your inexhaustible coal fields and other resources, only await the advent of capital and enterprise, to bring forth from every valley and hilltop a treasure greater, even than the supposed wealth of the mythical Sardinia.

Wishing THE HERALD may receive the encouragement and material support which your courage and the work before you deserves, I am, very truly,
J. M. SWITKAM.

A Matrimonial Association.

Maytown has been highly honored, inasmuch as all the young men of town and a radius of 10 miles around met at this place, on Monday, June 8th, and held a young men's convention.

Swango Springs.

The Water of Life for Afflicted Humanity.

IRON IS KING.

These springs are located three-quarters of a mile from the beautiful town of Hazel Green. The water contains a large percentage of iron than any other water known, hence it is the most valuable in the cure of disease—used internally or externally.

Among the many diseases which it will cure, are the following:

CONSTIPATION, DYSPEPSIA, SKIN DISEASES, SCROFULA, CATARRH, RHEUMATISM, NEURALGIA, NERVOUSNESS, &c.

We append a few of the hundreds of testimonials which have been tendered as to the efficacy of this water in disease.

One lady writes: "I am so thankful to the Great Giver of all Blessings that I tried Swango Springs. Freely do I give all the credit of my recovery to the health and strength I now enjoy."

A gentleman of Illinois writes: "I think the water of Swango Springs did me more good than all the nostrums I have ever tried. I will certainly be with you again next spring."

Representatives—R. T. Smith, J. G. Triabbe, P. L. Evans, M. Starnes, J. M. Hinkle, Mrs. F. M. Hinkle, Wm. Clarke, Plunk Lee, Ky.

A large hotel is now being built, which will afford ample accommodation to visitors. For information in regard to the health and address, HARRISON SWANGO, &c., or this office, Hazel Green, Ky.
